Q: You don’t teach my language / I don’t want to take a class. Can I test out of this requirement?
A: There must be credit in place for this requirement. If you are already fluent in another language that we don’t teach, or you would prefer not to take a class, you can take a test to become eligible to purchase 16 lower-division language credits that will fulfill the B.A. Language Requirement. Please see languages.utah.edu for more information!
